GIRLS FROM E-VIDYA MODEL SCHOOL, PUNE, EXPLORING INNOVATION AND HANDS-ON LEARNING DURING A 5-DAY STEM PROGRAMME.

A NOTE FROM OUR FOUNDER

Reimagining Learning Through Innovation, Inclusion, and Impact

At Moinee Foundation, we believe every child has a story worth telling—and hearing. From digital learning labs and mobile classrooms to AI-integrated tools and mother-tongue-based resources, we continue to make learning more accessible, contextual, and engaging for children across India.

This year, we've taken that vision further—blending tradition with technology to help children illustrate their own stories using AI-powered tools, bringing imagination to life and nurturing creative confidence.

Across classrooms, labs, and mobile learning units, children are experimenting, solving problems, and using local resources creatively, rediscovering the joy of learning in many forms.

As we move forward, our commitment remains the same—to create inclusive, engaging, and future-ready learning experiences that keep the child at the center of everything we do.

Turning Trash into Treasure — CLC Shines on World River Day

Pune clc (Community Learning Centre) students made us proud at the PARM Project Exhibition in Yerwada, winning first prize for their Best Out of Waste innovation.

By transforming discarded materials into something meaningful, they demonstrated how creativity and purpose can drive sustainability.

Empowering Young Innovators to Build, Race, and Rise!

At this year's **Indian Mobile Congress (IMC)** held at **Yashobhoomi, New Delhi**, visitors witnessed the excitement of **Vi Roborocks**—a hands-on robot racing challenge showcasing the talent of young minds. The event featured **VEX IQ robots** designed and built by students from the **Robotics Lab Program**, an initiative supported by Ericsson India, implemented by the Vodafone Idea Foundation, and powered by Moinee Foundation as the knowledge partner.

The showcase was a vibrant celebration of **innovation, teamwork, and creativity**, bringing together over **3,600 student innovators**, nearly **half of them girls**, from **government-aided schools** across the country, truly reflecting the power of inclusive and experiential STEM learning.

Raising Innovation at Rising Rajasthan 2025

Moinee Foundation was proud to participate in the Rising Rajasthan event at the Rajasthan International Centre, where the team presented its EdTech solutions, TLM Kits, and implementation models.

The event provided a valuable opportunity to connect with government representatives, CSR leaders, IIT alumni, and education pioneers, exchanging ideas and sharing our impact journey.

Building Bright Beginnings

Empowering early learners and young minds through innovative ECCE and FLN programs that spark creativity, confidence, and curiosity across five states. under e-vidya for brighter futures.

CELEBRATING THE LIGHT OF TOGETHERNESS THIS DIWALI

Teams came together with decorations, diyas, traditional attire, sweets, and smiles.

A day filled with togetherness, gratitude, and festive cheer, reflecting Moinee's culture of unity and positivity.

Championing Women Changemakers in Education and Innovation

At Moinee Foundation, we take pride in building an organization where inclusion isn't just a value—it's our strength.

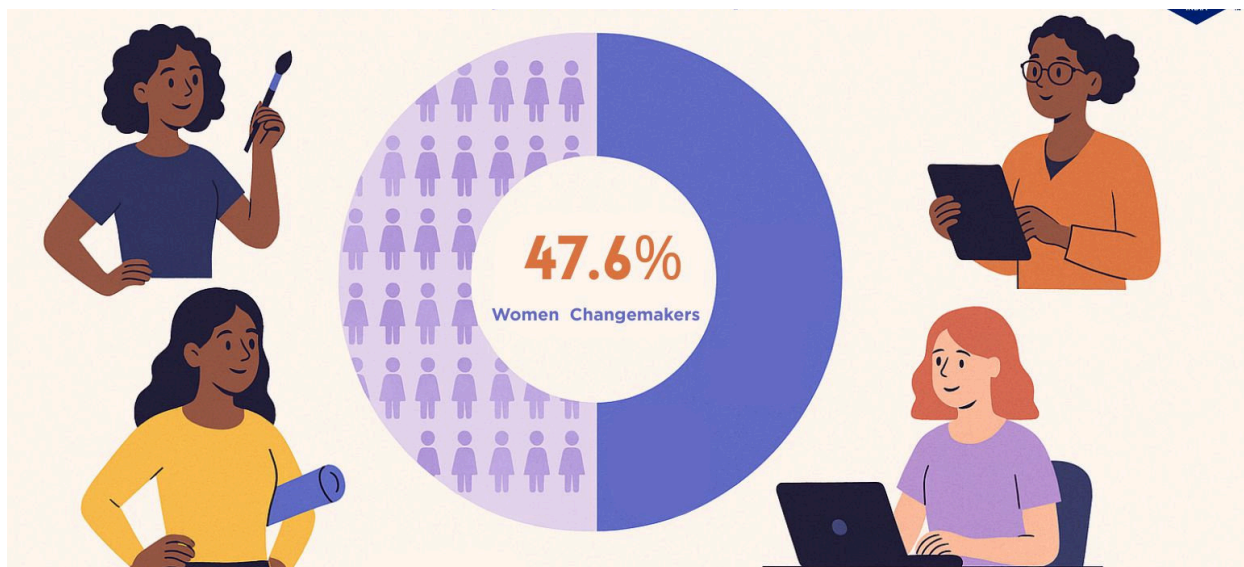

With **47.6% of our team being women** changemakers, we are shaping a culture that values empathy, collaboration, and leadership at every level.

From leading STEM and Robotics initiatives to designing community learning programs, women at Moinee Foundation drive innovation in classrooms, communities, and beyond.

Their work empowers thousands of children—especially girls—to dream bigger and pursue learning without barriers.

Our approach to women empowerment goes beyond numbers—it's about creating spaces for voices to be heard, ideas to grow, and leadership to thrive. Together, we're not just transforming education; we're redefining what equitable impact looks like.

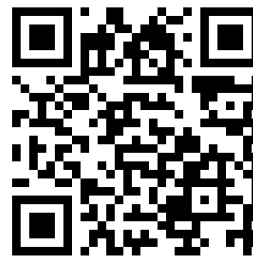

Team Rdtians from Raipur Shine at Future Innovators Junior

Success Story

Students from PM SHRI Pt. R.D. Tiwari Govt. English Medium School, Raipur impressed with their project ParkGenie – Smart Parking System, earning 5th Rank among more than 400 entries at Future Innovators Junior.

Their innovation was also featured on the Government DPR Portal and news outlets, marking a proud moment for the school and community.

More than an award, it's a celebration of curiosity, creativity, and the spirit of young problem-solvers.

Ink & Inspire: Young Creators, Bold Stories, Bright Futures!

On 4th September 2025, as part of the Teachers' Day celebration event in New Delhi, students from Community Learning Centres proudly unveiled their very own storybooks, created under our Ink & Inspire; Co-create Storymaking Campaign.

AI tools were used for beautiful illustrations. The result? A stunning showcase of creativity, teamwork, and bold ideas that left everyone inspired!

These stories aren't just books, they're a window into the future of learning!
