CAREER GUIDANCE WORKSHOP AT OUR INTERVENTION SCHOOL IN JAIPUR

A Note From the **FOUNDER** ↗

“

At Moinee Foundation, we believe every child holds limitless potential. Through digital labs, mobile classrooms, and intuitive AI tools, we're making learning more accessible and joyful.

This quarter, we advanced that mission by helping children across classrooms and learning-on-wheels, curiosity is sparking and learning is coming alive always with the child at the center.

Arvind Thanvi

**Chief Mentor & Founder
Moinee Foundation**

Driving EdTech Conversations at PIWOT 2025

Moinee Foundation marked a strong presence at **PIWOT 2025**, held on **18-19 January 2025** at the Jio World Centre, Mumbai, engaging with educators, innovators, and industry leaders at **Stall No. 5**.

Across both days, the team interacted with diverse visitors, exchanged ideas, and showcased practical solutions addressing learning gaps and enabling digital learning at scale.

Moinee Foundation extends its appreciation to the PIWOT 2025 organising team for providing a valuable platform for collaboration and knowledge exchange.

Key Highlights

- Demonstrated our latest technology-led learning solutions
- Engaged in high-value conversations on the future of EdTech
- Connected with partners and stakeholders exploring scalable impact models
- Received encouraging feedback and interest across government and CSR networks

Republic Day Celebrations: Honoring India's Spirit Across Intervention Schools & Communities

This Republic Day, We celebrated the nation's spirit across intervention schools and Community Learning Centres (CLCs) in Ahmedabad, Pune, and Hyderabad. Flag-hoisting, cultural performances, and enthusiastic student participation created a vibrant atmosphere of unity and pride.

The celebrations reaffirmed how school-community engagement nurtures confidence, leadership, and patriotism in young learners.

Career Guidance for Brighter Futures: Guiding Dreams, Shaping Futures

For many students in government schools, choosing a career can feel like navigating a maze without a map. Moinee Foundation's Career Guidance Program is changing that—turning uncertainty into clarity and curiosity into confidence. Through personalised counselling, psychometric insights, and real-world vocational exposure, students discover not just what they can become, but who they can be.

The transformation is visible. Students gain clearer goals, reduced stress, and a stronger sense of direction. With choices aligned to their strengths, they engage more deeply in academics and grow more future-ready and employable. Each session becomes a turning point, opening doors to possibilities they once thought were out of reach.

Inspire & Innovate 2025: A Showcase of Robotics, AI & Student Innovation

Moinee Foundation, as Knowledge Partner to the Vodafone Idea Foundation, supported the **Inspire & Innovate 2025** event held simultaneously across **Pune and Ahmedabad**, creating a unified platform to spark curiosity and strengthen future-ready skills through the Robotics Lab Program.

The event featured an engaging **Robotics Experience Zone** and an **Expert Talk on Robotics and AI in Everyday Life**, giving students hands-on exposure to emerging technologies.

Distinguished **guests and jury members** attended the event across both locations, encouraging participants and appreciating the innovation on display.

The dual-city Inspire & Innovate 2025 celebration successfully highlighted young talent and reinforced the growing impact of the Robotics Lab Program in nurturing innovation within communities.

Moinee Foundation Earns Great Place to Work Certification — Again!

Moinee Foundation proudly secured the **Great Place to Work® Certification** for the **second consecutive year**, reaffirming our culture of trust, collaboration, and purpose-driven work.

To mark the achievement, our teams across India joined in for a vibrant virtual celebration filled with energy and togetherness.

JLF Outreach 2025: A Magical Literary Encounter in Jaipur

The **Jaipur Literature Festival Outreach 2025** brought an unforgettable literary experience to Government Senior Secondary School, Jaisinghpura, Jaipur, with a special visit by **Akshata Murty**. Her presence lit up the room as she spoke about the joy of reading, personal growth, and how books quietly shape the adults we become.

In a thoughtful conversation with **Mr. Arvind Thanvi, Chief Mentor & Trustee at Moinee Foundation**, students explored the powerful role of stories in building confidence, imagination, and resilience.

Through this collaboration with **Pratham Books**, the spirit of JLF reached young readers at the grassroots, turning their classroom into a space filled with ideas, curiosity, and inspiration.

Celebrating National Science Day: Igniting Curiosity Across Schools & CLCs

National Science Day was celebrated with great enthusiasm across our Model Schools and Community Learning Centres. Students immersed themselves

in a day of creativity and exploration, crafting expressive science posters, engaging in interactive discussions on modern scientific advancements, testing their knowledge through an exciting quiz, and watching an inspiring film on Sir C.V. Raman's life and discoveries.

The Science Fair stood out as a vibrant showcase of student-led models on renewable energy, robotics, AI, and environmental conservation. The celebrations concluded with awards recognizing the most innovative young minds. A memorable day that truly rekindled the spirit of discovery and scientific curiosity.

Sparking Curiosity & Innovation at Rajasthan Innovation Festival 2025!

Moinee Foundation wrapped up an inspiring presence at the Rajasthan Innovation Festival 2025, where creativity, science, and technology came together to spark new possibilities!

From showcasing accessible digital learning to hands-on STEM innovations, the festival reaffirmed the power of technology in transforming education.

A big thank you to everyone who joined us, engaged with us, and fueled the spirit of innovation. Here's to building a smarter, more curious world—one idea at a time!

Robotsav–Raipur: Celebrating Future Innovators!

On **28 February 2025**, Moinee Foundation marked National Science Day with an action-packed **Robotsav Raipur** at B.P. Pujari Government English Medium Utkrishit Vidyalaya.

Twelve teams from the host school and PM SHRI Pt. R.D. Tiwari School battled it out in a thrilling robotics challenge, powered by VEX IQ kits.

Event Highlights

- **Drive Skill Challenge:** Speed, control, and high-energy excitement
- **Pick & Place Challenge:** Strategy, precision, and sharp technical execution

Across both phases, students showcased remarkable teamwork, problem-solving, and hands-on engineering skills, bringing robotics to life with confidence and creativity.

Robotsav Raipur shined as a celebration of curiosity, innovation, and the limitless possibilities of STEM!

Village Enrichment Program: Driving Grassroots Transformation

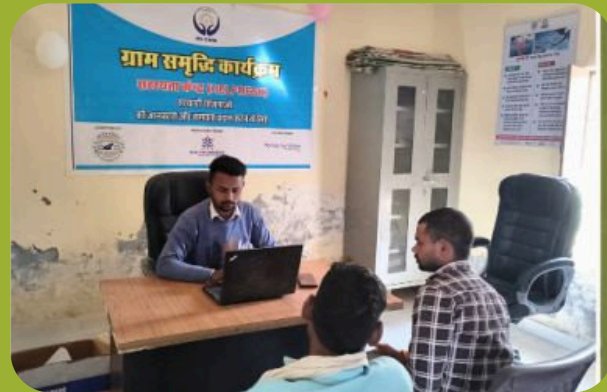

Through the Village Enrichment Program, a CSR initiative by H.G. Infra Engineering Limited, implemented by H.G. Foundation and executed by Moinee Foundation, we are energizing Gram Panchayat Kundra Majra, U.P., reaching 7 villages and over 2,000 community members with impactful interventions.

Our team has been conducting door-to-door outreach to raise awareness about key government schemes while collecting essential data to improve service delivery

We are also supporting local farmers by promoting onion cultivation, helping enhance their productivity and create new income opportunities.

With 300+ households engaged so far, the program is strengthening community resilience and setting the foundation for sustainable, long-term growth.

Project Ignite: Powering STEM & Robotics Learning in Jaipur

Project Ignite—supported by NTPC and implemented by Moinee Foundation, is transforming Jaipur classrooms with hands-on Robotics, STEM learning, and Experimental Labs.

Three government schools now have modern labs, robotics kits, and trained teachers, helping students connect theory to real-world problem-solving and explore technology with curiosity and confidence.

Empowering Women Through Tech: Celebrating International Women's Day!

This International Women's Day, our Community Learning Centers and intervention schools came alive with **Technology Awareness Sessions** designed to empower women and elderly community members with essential digital skills.

From **secure money management** to **health tracking** and **everyday digital tasks**, participants gained the confidence to use technology independently and safely.

The enthusiasm was incredible—many shared how these practical lessons will make their daily lives easier and more empowered. Their excitement to continue learning showcases the true spirit of Women's Day: **growth, confidence, and new possibilities**.

Greener Holi, Brighter Futures: Learning to Create Natural Colors

As part of the *e-Vidya for Brighter Futures* program, women across Pune, Bengaluru, Delhi, and Hyderabad came together at our Community Learning Centers to craft **natural, eco-friendly Holi colors** using simple local ingredients like beetroot, spinach, and rose petals.

This hands-on workshop not only promoted **sustainable celebrations** but also sparked community bonding, conscious choices, and a deeper appreciation for nature-friendly living.

HGIEL Scholarships: Making Dreams of Higher Education a Reality

Many bright students are held back not by their potential but by the **financial barriers** that stand between them and their dreams. **Moinee Foundation and H.G. Foundation** have worked tirelessly to break down these barriers through our **Scholarship Enablement Programs**.

One shining example is the **HGIEL Scholarship** launched at **S.M.S. Medical College, Jaipur**. This scholarship opens doors for deserving students, enabling them to pursue higher education without the burden of tuition fees. With an easy-to-use scholarship portal, the application process has never been simpler.

Moinee Foundation Annual Board Meeting 2024–25: Vision, Voices & New Beginnings

Two energizing days in Jaipur brought our board, partners, and team together under one shared purpose, **to pause, reflect, and reimagine the road ahead.**

From insightful conversations to hands-on team activities, the meet became a space where ideas flowed freely, challenges turned into possibilities, and our mission felt more alive than ever. **ger together and shaping impact that lasts.**

We revisited our core pillars, celebrated progress, and aligned on what truly matters, creating joyful, inclusive, tech-enabled learning spaces for every community we serve.

With renewed clarity and stronger collaboration, we step into the new year with bigger dreams, sharper strategies, and hearts full of purpose.

Learning on Wheels: Taking Digital Education Where It's Needed Most

Two energizing days in Jaipur brought our board, partners, and team together under one shared purpose, **to pause, reflect, and reimagine the road ahead.**

From insightful conversations to hands-on team activities, the meet became a space where ideas flowed freely, challenges turned into possibilities, and our mission felt more alive than ever. We revisited our core pillars, celebrated progress, and aligned on what truly matters, **creating joyful, inclusive, tech-enabled learning spaces for every community we serve.**

With renewed clarity and stronger collaboration, we step into the new year with bigger dreams, sharper strategies, and hearts full of purpose.

Here's to rising stronger together and shaping impact that lasts.

Wheels Initiative is
Advancing Change

Empowering Teams to Create, Innovate & Communicate

We strengthened our team through kicking off impactful capacity-building sessions, from dynamic video-making workshops to hands-on demonstrations of School-in-a-Box activities like Toys From Trash and tinkering.. These trainings empowered them transform waste into creative learning tools and become confident educators and compelling digital storytellers, passing on the same spark of creativity and curiosity to students and community beneficiaries.
